Join the Southern Workers Medicare for All Campaign!

Workers across the South and across the country understand that our deeply fragmented and profit-driven health care system doesn't serve their best interests. Across the South, many are not afforded some of the benefits of the Affordable Care Act because the State Legislatures have refused to expand Medicaid, leaving many millions to literally die without any coverage. That's why there is growing momentum for Congress to pass Medicare for All Act of 2019 (HB1384/S1129), which has a record number of 106 original co-sponsors in the House and 14 in the Senate.

Imagine if our employers did not have to waste millions every year on our health insurance - that could go to wages, hiring more staff or other much needed improvements? **Join or help build the campaign committee in your workplace!**
